

### Plastic Bell Glides

IEC's bell glides are made to replace caster wheels on rolling chairs, tables, displays, etc. The steel stem has a grip ring, and the bell glides have a black nylon base. The IL9-CAST has a white nylon base with a nickel plated shell. The IL9-CAST-PVC has a non-skid gray PVC/rubber base.

IL9-CAST

These legs accept a 5/16-18 leveler or caster.
